DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 5, 8-20, 22, 25-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding amended independent claims 1, 14, and 31, the prior art of record fails to disclose filtering out from the neighbor cell list one or more larger cells when the speed is under a speed threshold, and filtering out from the neighbor cell list one or more smaller cells when the speed is over the speed threshold, and wherein when the network includes cells using different radio access technologies, the filtering depends on which radio access technology is used in the different cells. BENVENISTE teaches the use of microcells when a vehicle is below a speed threshold, however BENVENISTE does not disclose filtering of a neighbor cell list.

Claims 2, 3, 5, 8-13, 15-20, 22, 25-30, 32-34 are allowed as being dependent on independent claims that have been allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
